5,400/-

35,400/-

The Ionizer helps in laboratories when the weighing results are impacted by static charges by blowing ions. Ionizer removes the static electricity from samples, such as plastic parts, containers, or films within seconds. The sample is ready to be weighed accurately, without any static charges interfering in the weighing results.

IZ540A - can be attached with Rear Panel of Windshield for KAB2L, KAB4L, KAB7L, TAB5T & TAB9T

IZ540E - can be used as an External device for any Semi Micro / Analytical Balance.

19 Digital GSM Meter
